Farmers' Market Rules for 2011

Mission Statement

The Baraboo Farmers' Market is an outlet for Wisconsin-produced homegrown fruits, vegetables, meats, cheese, eggs, bakery products, cider, maple syrup, honey, fresh and dried flowers, herbs and herbal products, bedding plants, houseplants, nursery stock, jams and jellies, pickles and other prepared food products. The market is intended to give growers and producers of goods and consumers an opportunity to deal directly with each other, rather than through third parties. The market provides an outlet for the growers or producers of small, as well as large, quantities of eligible products. The market is intended to enhance the downtown area of the City of Baraboo.
